

COUNTY OF SAN LUIS OBISPO
SHERIFF'S OFFICE
Ian Parkinson *Sheriff-Coroner*

January 15, 2025

San Luis Obispo Civil Grand Jury
P.O. Box 4910
San Luis Obispo, CA 93403

Dear Grand Jury:

I have received your request for an update on the 2023-2024 Inspection Report. Please see the responses below.

R2. The San Luis Obispo County Sheriff should complete property room climate control enhancements in 2024

The climate control project is being administered by County Public Works. Project Manager Michael Montero advised that they have design plans back from the engineer and he is working on a proposal from one of their contractors. He anticipates that the project will start in early March 2025.

R3. The San Luis Obispo County Sheriff should develop a plan by January 1, 2025, to deal with evidence storage reaching maximum capacity levels.

The Sheriff's Office is negotiating with the owner of a large storage warehouse. If successful, we will be able to move some of the equipment out of the adjacent bays, next to the evidence room, and develop a plan to expand the storage capacity.

Respectfully,

A handwritten signature in blue ink that reads "Ian S. Parkinson".

Ian S. Parkinson
Sheriff-Coroner
